Kraków: when can we expect you?

A business event in a room of the art facility, in a city with a thousand years of history in the background? A "wow" effect guaranteed! However, the MICE industry is not only about spectacular settings - it is also about professional organization, state-of-the-art technology, comfortable accommodation and, last but not least, a range of leisure activities. Kraków offers all this - and much more.

The famous square Kraków, located in the southern part of the city, is continually overcoming the challenges of today with its centuries-old heritage. The infrastructure dedicated to events here, across the historic fabric of the city, experiences with both its modern design and functionality, it makes it possible to organize a wide variety of events: trade fairs, conferences, congresses, seminars or business meetings, all of which have high quality in their respective domains.

Events such as the CRIPOM event, the 100th Kraków International Trade Fair and European Games, the EMU 11, the World Conference Centre of The 10th Middle Congress, Open Air New Arena with thousands of participants, as well as many others, make Kraków a location for world-class events. In 2017, it hosted the 10th anniversary of the UNESCO World Heritage Committee and in 2018, it was selected as the location for the 2018-2024 Congress World Organization and member of the World's Heritage Committee.

The city's extensive range of hotels and its accessibility as an important event centre offers you space to dream big ideas, many of which are located in our historical event headquarters. Institutions of culture and the arts, many of which are art galleries, museums, theatres and art spaces, are also located here, offering a wide range of experiences and you will only be left with more things to see and do in the city.

Make it Malta

Malta is a sunny delight for MICE. It is a lovely destination full of sun, fun activities and professionalism. We have great food, great Tix, nice views and enjoy great views. Loving it.

Latests news on sustainable trends

Living better we welcome all sustainable news, to highlight those partners that get involved in green events. A great read update for all that want to know about the most recent of our industry.

Tapas on tour

We all know the charms of Spain. In the south there are the beautiful Andalusians, no trip to the city. We want to MICE to know the latest news and engage you with some fun tips.
